# Points to notes on the reported statistics

---

- DWF contributed to the Solicitors Regulation Authority (SRA) Diversity Survey 2025 by conducting a stand alone survey via an independent research organisation.
- The survey was sent to all DWF colleagues in England and Wales. The participation rate was 49%.
- As directed by the SRA, all survey questions were voluntary. Each question was therefore not necessarily answered by all respondents. The data for each question represent a break down of the responses received.
- For some of the survey questions there were only one or two colleagues who selected certain options. In order to ensure respondent anonymity, the data is shown at an organisational rather than a role level.
- Please note DWF Diversity Statistics are also regularly shared on the [DWF Diversity and Inclusion webpage](#).
