

Ready to make a comeback from COVID-19?

DWF Risk and Resile have brought together experienced workplace health risk specialists to form an advisory panel to assist you manage the safe and productive return to work for post COVID-19.

Our panel will engage with your organisation to understand your business, and tailor a plan to effectively navigate a successful return to "the new normal".

Our approach recognises the Government's **three-step plan** to gradually remove baseline restrictions arising out of the recent National Cabinet meeting. Businesses need to understand the steps they need to take to comply with relevant Public Health Directives and their legislative Work Health and Safety obligations to make Australia COVID-safe.

Can we re-open?	Plan for workers to return	Once back
<ul style="list-style-type: none"> Review relevant Public Health Directives Are you an essential service? If non-essential, do exceptions apply? Who can work from home? 	<ul style="list-style-type: none"> Manage the risk of contracting COVID-19 at work Safe Work Australia compliant Bespoke solution for your operating environment Meet legislative obligations to provide a "safe place of work" 	<ul style="list-style-type: none"> Manage "vulnerable" workers Workers who develop symptoms What if there is a "second wave" of COVID-19? Manage a COVID-19 case Regular review of risk mitigation

Benefits for employers:	Get back to work	Minimise the risk of a COVID-19 case or outbreak	Be prepared to manage a case and keep operating	Demonstrate due diligence
-------------------------	------------------	--	---	---------------------------

Businesses also need to manage the following ongoing issues: work from home (WFH) arrangements, performance management both when WFH and in the workplace, whether workers can be directed to return to the workplace, and provision of a safe workplace for workers to return to.
